

Highway Electrical Registration Scheme

Is your organisation struggling with the demands of complying with the registration of operatives to Highway Electrical Registration Scheme? Motus Traffic can help with a complete package to get your operatives registered to the Scheme. This can include the following:

- Invigilation of the ECS Health and Safety touch screen test
- Portfolio Building
- On Site Assessments to the Appropriate Level of Competency: Approved Person, Supervisor, Operative etc.
- HESA Approved Training Courses.
- Registration of Competent Operatives.
- Mandatory and Additional Occupational Competencies

Motus are a registered organisation under the Highway Electrical Registration Scheme

We are also a HESA Approved Training Organisation (AT032) with Lantra Awards Certification provided to successful course candidates.
